6. [] brought three recommendations from the Chief. Medical Staff. The first for definitive medical service [] will require more explanation and justification before the legal aspects could properly be considered. The second for authority to hospitalize covert personnel basically covered by Section 10.0 of the CFR's except for establishment of a fund in medical staff for payment. At the request of I&SS, the third recommending air-conditioning for temporary "I" Building, second floor, is prohibited by law.

9. Discussed with [] the proposal to hire an
economist for Mr. Millikan's staff on a consultant basis for
six months to work for days a week. Informed [] that
the rulings indicated that such an appointment would not be
intermittent in the sense that we could authorize payment of
travel expenses to and from New York during the course of the
contract.
